1.2.29
a Lesson in the University of The New Covenant

1. Graze on My beauty, graze on My beauty, on My properties across the globe, digesting with enzymes of only Me. Graze on My beauty, see My beauty, see My truth, see My face reflected in My creation. See My face reflected in My heavenlies. See My face reflected in My Scripture, My Words.

2. My Word, My Word that I give you, My words that I give you, My words that I give each one of you who will take the time to speak My words, write My words, and share My words: graze on My beauty, graze on the delicacies of truth.

3. Forsake the ways of untruth. Forsake the ways of duplication and replication of things of not Me, made in attempts of My image, made in attempts of truth, fabricated to lead astray. Fabricated not by the Master of creative fabrication, but fabricated by that in who only perverts, but so often comes so close to truth yet taints, perverts, causing delay and destruction.

4. I come and I call and I am in this place. I am here and I am in this city and state and I come and I call to you to build here. Build here for now and build many places. Build you will. Build you will around My world.

5. Build here. Build here, start small and grow. Your design begs of Me, begins with Me and ends with Me—circular, circularity, concentric, concentricular—Ted, of Me—the Gardens of Christ, the Gardens of Mercy, the placidness that comes with peace, peace of Me, peace from Me, the peace that I only can give. Build here and arise that which you desire, which you have seen, what you have been given.

6. Share perferlifically. Commit and coalesce with those who I bring you. Into mountain-moving-makers, make all. I love you. So much help comes, so much favor, and it's all about Me. I love you and I thank you. I thank you giant mountain-mover-makers that come now to mountains make and mountains move and mountains shake in the process.

7. I love you. I love each one of you. I love you disciplined ones, diligent ones, you who come day after day before My Throne, into My presence, at My knee, bowing before Me. So long have so many of you come, so long have so many of you come, so long have so many of you come and wondered if you would see the Christ Child as if Zechariah wondered if he would see the Christ Child. And yet knowing full well that your faith that you believe, that you are alive, that you are disciplined, that your diligence is not in vain, but true. For I have spoken and I have spoken, and I have spoken, and **I**

have revealed Myself so many times in so many ways and even to you I have revealed Myself and you come. You come.

And now is the day. Now is the day of salvation. Now is the day of triumph. Now is the day of parades and celebration, giving and receiving of Me, in magnificent exchanges of leadership—of leadership of Me—leadership that is followership entwined with leadership so that one hardly knows when one is leading or following, but knowing one leads to follow and follows to lead.

I am bringing My paradigm of power to you. I am bringing My paradigm of power to My body. **I am bringing My paradigm of power to education, to commerce, and you know it all flows out of worship**. I flow out of worship. I come in worship and I flow in worship and I worship those who worship Me—not the same way, not the same process, but I exalt, I exalt those who exalt Me.

Lift up your head for now is the day. Now is the time. The time is now. The season is now—dialogue, grace—as you graze upon Me, as you graze upon Me, and you gaze at Me in My presence and let Me gaze into you—your eyes sparkling, energized, enthusi-ized, rejuvenated, alive in the fullness of Me, the Holy Spirit, Me; God, Me; Father, Me; Son, Me—Me, Me, all—one. We are I Am.

8. I love you. I love you. Have it here and revel in what I am doing, what I have done and what I have opened to you. And those who I bring I will bring from far and near.

9. Short speakers, long speakers, times of silence listening only to Me, times of speaking out, speaking in, times of waiting on only Me, speaking My words, writing My words, typing My words.

10. Oh, Ted, so much more. They come. They come from all four points, all four winds bring My people, My seekers of Me to become My people, ingressed into Me in permanence and in permeating every aspect of their culture—no separation, no separation of Me and culture, no separation of Me and society.

11. I come and I fabricate Me in brocade pictures of Me, weaved by My hand on My looms of grace. It touches the core of the soul of the flesh of the Spirit of My people who will cry out to Me.

12. This is the day of new beginnings for so many of you. Write this day down. Magnify this day for its beauty into your body, into your mind, your spirit, your life, your destiny if you so choose, February 26, 2004. Grasp, grasp it while you graze upon Me. Grasp Me, grasp to Me. Don't let Me walk by without grasping and grazing upon Me. Grace perfected, grace true.

13. I love you. I love you. I love you. See Me and feel Me this day. See Me, feel Me more, let Me enter you more, enter into My Kingdom more. Enter into the peace, the joy, the truth of My Kingdom, even as you walk about in your kingdom. See Me and operate according to My word, My values.

14. Let not your heart be troubled. You believe also in Me. You believe in Me. Believe more. Open up to Me more. Let Me come and show you the mansions that I have built for you. Let Me show you the paths to power rather than poverty. Let Me show you what I have opened to My body, and have had opened and have opened so much more so even now, and do so daily—daily, your kind of daily, your definition of daily—daily I walk, daily I come to you, daily I increase My openess, My revelation to My body. Now Sonrise, sunrise unto you, Sonrise of Me with no sunset.

15. Arise into what I have called you into: to see, to hear, to feel, to become, and walk in the leadership that I have for you—you who are put-down, you who have been put down so many times your heart beats fast wondering whether this can be so, or whether an empty promise this is as well.

16. I come and I call and I confirm, and I confirm that I call and I come. And I come and I call and I confirm, and I am calling you.

17. I call you out of the herds of the past. I call you out of the disappointments perpetrated by man and beast, things of not Me that said they were of Me, tainted and so far from the truth and sometimes so close, nevertheless, not Me, not pure, not pure, not pure.

18. I come and I call and I call you out of the stage of hurt. I call you out of the mire of disappointment. I call you out of the shadows now and I call you into leadership. You who were once fat sassy and arrogant in your confidence and then became destroyed, almost destroyed in your hurt and disappointment; now reticent, hesitant to move forward, to stand up, to arise, fearful of additional hurts, I speak to you this day. I call you out of your hurt.

19. Arise this day and risk. Risk being right, risk being right, risk walking with Me. Stand up, arise, move forward, mature and leave the past behind. That which you cannot change you can only give to Me. Give to Me what you cannot give to another. Let Me repay, let Me sustain, let Me heal, let Me repair. Come to Me and let Me do what I only can do.

20. Come to Me and let Me arise you, let Me heal you and place eye salve on your eyes. I anoint your eyes this day, I want to anoint your eyes so much more, the eyes of your heart, the eyes of your spirit, the eyes of your understanding so that you can see the streams of revelation flowing. Come, flow, come flow, come drink of Me, come graze

inside Me. Come graze. Come graze as you gaze and gaze as you graze and let Me lift you.

21. Surrender is the key, not a key, the key. Surrender to My ability. Surrender to My provision. Surrender to who I am so that I can build. I can build. I can lead you and let you into leadership of leadership in every craft, development of every product, every service, delivery systems of Me, transporting Me increasingly through My body—My body increasingly being My body—My body increasingly being My body perfect before Me and operating in all that I have provided behind the veil.

22. I love you. I bless you. I greet you. I grace you and I ask you to graze, graze in the grace that I have for you this day. Arise, arise, speed forth now in Me, stagnant not.

23. Build, for the time is short and the laborers are few; but growing, growing magnificently, magnificently, magnificent operations of only Me, My truths, My delicacies on My table in Me.

24. Grow, grow, grow; grow the grunions, the thought-grunions into beautiful flowers and trees by the rivers of Living Water that I come and offer to all of you this day. And I thank you.

25. Revel in Me. Revel in Me. Take joy and delight in Me, and deliberately enjoy Me. Deliberately enjoy what I am saying to you. Deliberately enjoy the season, this dispensation, this sunshine that shines upon you now.

26. <u>You must look into the face of fear and defeat him. You cannot disarm that which you cannot face.</u> Stand up, arise, speak forth the declarations I have given you. Speak forth that which you say that I am. Speak forth that which you say that you are. Speak forth the dream that I have placed in your heart.

27. Laugh, joy, deliberately mix with people who understand joy and laughter, joy and laughter—who understand purity and peace.

28. You must not fail from fear. You must not fail from fear, for fear will come up on so many, so much, in so much greater measure than what you have seen or can now imagine. But you who are mine, see Me, fear not and become not frail because of fear. I arise you this day.

29. Your economy is not My economy, My economy rides on wings of Me. My economy moves in breaths of Me, words spoken of Me to mine through My Spirit, by My Spirit, of My Spirit throughout My body. I have told you repeatedly, I am relationshipping My body. And My body will supercede, My body will succeed in My definition of success and the fears that are rampant and the turmoil that engulfs so many will not engulf you because you operate in My peace, the peace that passes all

understanding. And those who don't know Me will be engulfed and swept away in their fear.

30. But I am telling you I come. Can I speak it more plainly? I shake and I am shaking and the very foundations which you think your world rests upon will shake. They will shake and cataclysmic change will come about. Do not think I have fallen. I have told you before, do not think I have fallen off My throne. I AM GOD. I am Me and you are My child, and you who are My surrendered children that I can use, will not lose. I will elevate you and I will take you to places you cannot imagine.

31. Listen to Me, and listen to Me well and fear not. Fear not that which raises its' ugly head. Fear not suffering. Fear not lack. Fear not loss. Fear not life. Fear not evil. Fear only Me and let Me love you in the fear that brings life and love and liberty and true freedom.

32. I exalt the humble, but I resist the proud. They can prance about any way they want, and you will see many prance, claiming to elevate Me but know Me not. Discern. Discern. Discern. Discern. Discern. Discern.

33. I love you and I bless you this day. Now see My sunshine. See the sunshine as well as My Sonshine. And I am shining on you and I am delivering you. And I am arising you and I am raising you up.

And nations and governments and leaderships will change. Economies will change. Economies will be devastated and plunged and arise into greatness, some here, some there. Many changes take place.

34. Fear not. Fear not. I am here, walk with Me, walk with Me every day. Walk with Me more. Let Me give you the confidence that you are not subject to mammon. You are not subject to the economy that you have grown up in and you are not subject to the powers of only man. I arise you this day. Industries, industries, industries of Me, reflecting Me, working as I design.

35. I love you. Grasp Me. Now graze upon My truthfulness, graze upon My truth. Let not your heart be stuck. Let not your heart be stuck in tradition, history, and what your intellect only can understand. Spirit forth in Me. Spirit, Spirit, Spirit of Truth come forth in you now. I speak to you, let Me come forth boldly, boldly, boldly emboldening you to walk forth in all that I have for you.

36. Arise, build, arise, build, arise, build, and shrink not back from that which I have told you to do. I love you. All comes. I love you. I bless you. Amen.

37. I am the most High God. I am the most High God and I am pouring out Myself among My flesh, My creation in measure beyond anything you can imagine.

38. I am God. I am God. See Me for who I am. See Me for who, who I am, what I have done, what I have done, what I have created, what I have put into motion and set in place.

39. Ah! Enjoy Me. Enjoy what I am doing. Enjoy what I am doing. See through the turmoil of tumultuous headlines and see Me. See Me. Walk with Me. Graze upon Me. Graze upon Me; in fear you will not. Fear you will not. Fear has no place in you.

40. I love you. Now arise. Arise into the fullness of the confidence so that I can significance you. And be not immobilized by fear. Much change, but great elevations for the faithful.

41. I love you. I bless you. I embolden you this day. Lead, lead, lead on, lead on, lead on, oh great ones who have bowed before Me day after day and wondered, wondered, wondered.
I arise you this day. Arise.

42. Communicate, initiate, speak forth the dreams I have placed in your heart. I bring My body, I connect you with My body today all over My world to bring forth the dreams I have placed in your heart. Now accept rebuke, accept counsel, accept criticism and be leaders of leaders.

43. Wimp not, this is not the day of demise, this is the day of elevation for those in Me. Everything of Me you bring to Me. Everyone of your concerns you bring to Me. All of your concerns you bring to Me and I will touch and I will heal and I will connect.

44. Rise up, rise up and let Me arise you this day into realms that I will show you and I bless you. See My sunshine. See My Sonshine in My sunshine in My grace, and grace upon Me. I love you.

45. You who have thought you were too young, you who have thought you were too old, you who have thought you were too this and that to be used of Me, I come now and I correct your thinking. And irregardless of your race, your gender, your age, give Me your two fish and your five loaves. Give Me your time and I will give you Me, explicitly, implicitly, explosively—Me.

And I thank you.
